

THE NEXT STAGE

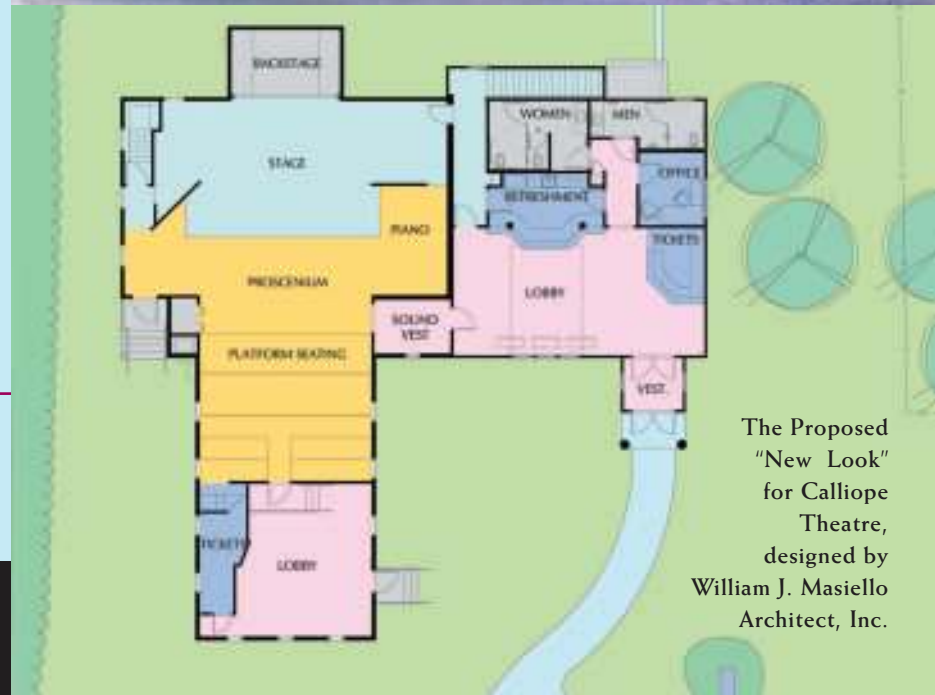

After 25 years of successfully staging musicals, dramas, and comedies, Calliope Productions is embarking on **THE NEXT STAGE** of its development as a cultural resource and needs your help to upgrade its theatre building by adding audience restrooms, an expanded lobby, and additional rehearsal space, with handicapped accessibility for its theatre audiences.

The goal of our Fund-Raising Campaign is \$300,000 — which we hope to receive in actual donations or pledges by **July of 2008**, so that we can **break ground for our building addition on September 1, 2008.**

All donations made to Calliope Productions are tax-deductible to the fullest extent of the law and qualify for employers' Matching Gifts Programs. Please see your Human Resources Department for details.

Calliope Productions is a year-round non-profit community-based theatre company that has been serving the needs and interests of Central Massachusetts residents since 1982, with more than 160 main-stage productions and 60 youth theatre productions.
